IT'S BEGINNING TO LOOK A LOT LIKE CHRISTMAS!

① Having branches or twigs as the table centerpiece may seem unlikely. Pair it up with bells and other ornaments for a touch of frost to the living room.

② Use the blue and turquoise ornaments and yellow lights to your advantage. Make sure the Christmas tree is loaded with decors so it appears bigger and fuller.

③ A simple trick to make the room more homey and livable is by draping a scarf over a chair.

④ Stick to the blue and silver colors when wrapping up presents.

⑤ Put blue and white Christmas fillers or sprays in a vase to embrace the cool yule set-up.

TAKE ME TO A WARM WOODLAND!

1 Draw inspiration from natural elements in setting up the warm woodland theme. Use crafted forest creatures, acorns and pinecones, and twigs and garlands to embrace the earthy style.

2 Decorative twine balls are simple but beautiful accessories you can add to the woodland theme.

3 Reindeer figures make for charming characters in the Christmas set-up.

4 Gather red and gold balls and display on a wooden bowl.

5 Try to look for vintage items such as books or bells you can display in the room.

IT'S ALL ABOUT THE UNMATCHED GLAMOUR!

- 1 Don't be afraid of gold on gold on gold. Place various Christmas balls and Christmas tree fillers on vases and proudly display on your shelf or table.
- 2 A Nutcracker doll remains an endearing piece of festive display. Choose one or two you can add to the Golden Glamour set-up!
- 3 Angel decors and elegant fillers will make the room more elegant.
- 4 Don't leave your furniture looking dull! Dress up with garlands for an elegant touch.
- 5 A wreath decorated with all things gold is perfect for the holidays!
